## Team of Haflingers for Sale      Dick and Sue

Well broke team, originally trained by the Amish in Iowa.

I have owned this team for about seven years. They are really sweet to handle. Easy to wash, groom, trim and shoe.

Practically anyone can drive this team. I have driven them around the farm, in many local parades and in the Wagon Days parade in Sun Valley ID for several years.

We have loaded the wagon full of our family for rides on beautiful fall days and at Christmas time in the snow. They are both easy keepers, you need to keep them on dry feed. They were foundered before I got them. But this can be managed.

They are approximately seventeen years old.

**Price for the team.                      \$ 500.**

Harness, Wagonett for 8 people, single cart and pony cart also available.
